

The_Indonesian_Landscape_Activity_01

Text type: Activity sheet

Settings: This activity sheet accompanies the *The Indonesian Landscape* unit.

Supports substrand(s): ([ACLINC103](#)) ([ACLINC109](#)) ([ACLINC112](#))

Supports achievement standard: Students interact with peers and adults using written and spoken Indonesian to communicate about personal experiences and about issues such as the environment, including ones that relate to Indonesia. They respond to and create personal, descriptive and informative texts. When participating in presentations and dialogues, students use both rehearsed and spontaneous language. Students use embedded clauses with *yang* and use conjunctions such as *seperti*. They refer to the past.
